Scripture Writing Plan

Theme: Hope · 31 verses, one for each day of January

1. **Pray and settle in**
   Take a quiet breath and ask God to speak to you through his Word.
2. **Look up today's verse**
   Find the reference in your own Bible or Bible app. Any translation works.
3. **Write it by hand**
   Copy it slowly onto the writing page. Writing slows you down and helps it stay.
4. **Notice one thing**
   Underline a word or phrase that stands out, and jot down why it caught your eye.
5. **Check it off**
   Tick the day on the January tracker once you've written its verse.

- The verse of the month, printed in full
- A January tracker to tick off each day
- Dated writing pages for every day of the month

Hope

Theme of the month

A new year opens like a blank page. This month we write our way into hope: not wishful thinking, but a confident expectation rooted in God's faithfulness. Many of these verses were written in hard seasons, by people still waiting for an answer. Let them remind you that hope can be practiced. One verse a day, one line at a time, is a small and steady way to begin.
